

Mataverde® Premium Hardwood Siding

MATAVERDE® PREMIUM FSC® SANTA MARIA HARDWOOD SIDING

Mataverde® Premium Hardwood - The ultimate choice in rain screen cladding

- Pinkish tan to light brown natural color
- Beautiful, mahogany-like medium graining
- Fine grained with some striping and tropical figuring
- Naturally strong and stable
- Good resistance to decay and dry wood boring insects
- Available in nominal siding sizes; 1x6, 5/4x4 and 5/4x6
- Approved for use with Climate-Shield Rain Screen System™

Technical Information for Santa Maria Hardwood Siding

- Density .65 g/cm³
- FSC Certified sustainably harvested
- Machines easily with standard woodworking tools
- Quarter-sawn for additional stability
- Performs particularly well with a wide variety of exterior stains and sealers
